

The Waynesburg Republican.

NOTICE TO ATTORNEYS—Attorneys will be held responsible for Paper Books, Advertising and Job Work, ordered by them and not paid for in advance. Such bills to be collectible on demand.

NEW ADVERTISEMENTS—The attention of our readers is specially directed to the following advertisements, which appear for the first time in our paper to-day.

Our New Chart—H. H. Lloyd & Co., Executives Notice—John Lewis, Jacob Greenlee.

STRAWBERRIES are done for the season. "Tim" runs a coach, tri-weekly, to and from Pittsburgh.

BATHING in the creek is one of the comforts of the times.

YOUNG persons desiring to study German or Latin, will find good instruction at the Normal School.

ALMOST twenty columns of new reading matter in the Republican each week. Price fifty cents in advance from now until after this election. Send in the money and names.

TO-MORROW or to-day rather—will be a big day in Waynesburg. Numerous lodges will be in attendance at the Mason walk accompanied by three or four bands of music. There will be a large crowd and a good time if the weather is favorable.

THE WEATHER—Until Saturday last the weather had been dry for a spell. On Sunday night a few showers of rain fell, refreshing vegetation, cooling the air and laying the dust. It was most opportune. Corn and grain of all kinds are looking well.

INCIDENT—The window of the iron clad part of the Prothonotary's office is appropriated to another use than that intended. From the looks a little chloride of white lime would prove beneficial. The whole building is degenerating rapidly into a Democratic cess-pool.

A BREAK—Monday one of those strange occurrences which happen in our natural life. Our citizens—some of them—were not thrown into excitement but throwing themselves outside their coats, went into the street and cleaned it up much nicer than we have seen for many a day. Nobody killed, but several mortally lay.

MORATORIUM—The people of New York are at present in a high state of excitement concerning a colony being formed in Carmichael to move thence to Tennessee. It is said to be offered by heroic spirits, anxious to move to this new land of promise by a knight errantry as devoted as that of Don Quixote. Anything about it in Greene county?

SENK—The low boat "Lark," in the employ of the Old Line, sunk her load of bonded with freight near Fredericktown, Saturday night about 12 o'clock. The load was quite heavy on some body as it went down in twenty feet of water. Several parties here had goods lost or damaged. Railroad! railroad!!

FAIR AT WAYNESBURG—Among the many schemes at present on foot among our citizens that of an agricultural fair to be held in this place is worthy of note. About one thousand dollars have been subscribed, and we understand the ground can be procured and fitted up in time for exhibition the coming fall. When the arrangements are complete and water runs up hill instead of down our readers shall be fully posted.

FAVORITE CHRYST—The Standard mentions the mysterious disappearance of Hannah Crassey, of Davidson's Ferry. It is supposed she drowned herself in the Monongahela River on Saturday, May 29th. A woman answering her description was seen near the river that day with a bundle in her arms, and as she has not been seen since the probability is that she jumped into the river. She had not been in her right mind for some time.

GRANT AND COLFAX—We have received from H. H. Lloyd & Co., 21 John Street, New York, the well-known Map Publishers a Colored Pictorial and Statistical Chart containing very good likenesses of our Candidates, Sketches of their lives, the Platform, Letter of Acceptance, Portraits of all the Presidents, and very interesting Statistics relating to former Presidential elections. This Chart is designed for the masses, and sold so cheaply that all can have it. See advertisement in another column.

PROPOSE TO CELEBRATE—"Vigilant" Lodge I. O. G. T., are making preparations to observe the anniversary of the Fourth by a grand Temperance picnic, in which all the Sabbath Schools, and the citizens generally have been invited to participate. It is intended to make the affair interesting by speeches appropriate to the day and occasion, by toasts, etc. It will be largely attended.

Since the above is a true we have received a card inviting "all the friends of Temperance and moral reform to participate," with the addition to the programme of vocal and instrumental music and refreshments, signed by A. G. CROSS, H. F. FANSLKEN, Com. A. C. SHALLEY, )

GRATUITOUS SUGGESTIONS—Where there a large family we would most respectfully suggest the propriety of not sending over one-half of them to the Post office for a letter at the same time, especially as all know that the room in which mail matter is distributed, here is a very small one. Another hint: When you do receive a letter or a paper, pass out of the distributing room as quickly as possible and do not show your want of appreciating the convenience of others by hanging right in the door, opening your letter, and standing there, blocking the way all the while—until you have read it through, and digested its contents. Nonsense! Unamusing people do this, but it is done nevertheless quite frequently in the Post office in Waynesburg, Pa.

NANWOOD, or Village Life in New England; by Henry Ward Beecher. This story originally written for the Ladies, has been published in book form, and will be sent post paid for \$1.50 to any address. Its merits are unquestioned, as Mr. Beecher never puts in print anything but good. His picture of New England life is vivid as life, characters and sentiment are evenly drawn and the wit and wisdom intermingled furnishes a never failing source of interest. Mr. Beecher draws largely from Nature and his wonderful power of description added to a keen insight and love for natural objects, makes the work very instructive as well as amusing. It should be in every family circle where there is taste for fact and fancy intertwined for good.

Moore's Life of Hon. SCHUYLER COLFAX.

T. B. Paterson & Bro., No. 308 Chestnut St., Philadelphia, have in Press and will publish in a few days, "The Life of Hon. Schuyler Colfax," written by Rev. A. Y. Moore, of South Bend, Indiana, who was for twelve years as pastor and friend, in the entire confidence of Mr. Colfax, and had access to the files of the paper published by Mr. Colfax for twenty years, and to the Congressional Globe; knows all his past history and all who have known him from boyhood. He began his biography two or three years ago, so that it is not one of the hurried and ephemeral publications so common in election years. Mr. Moore is a gentleman of fine talent and culture, and their is no doubt but that his biography of Mr. Colfax will be worthy of its distinguished subject.

The following letter from Mr. Colfax, to Rev. A. Y. Moore will explain itself: Washington, D. C., May 20, 1867.

"My dear Mr. Moore:—As your prediction of a year ago has been realized, I have no further objection to your publishing any sketch more or less full of my life, you may have prepared. As you was for a dozen years a fellow townsman of mine, and a valued friend I suppose you know as much about my history as the public would care about knowing; and although my engraving duties here leave me no time to revise the manuscript, I have no fear that your work will not be a faithful one." Yours, very truly, SCHUYLER COLFAX.

Rev. A. Y. Moore, South Bend, Indiana. It will be published in a large duodecimo volume of five hundred pages, printed from large type, and on the finest and best of white paper, with a portrait, on steel, of Mr. Colfax executed by one of the first artists in the country, from photographs taken from Mr. Colfax within the last week; the whole bound in cloth in the most substantial manner. Price \$1.50 a copy. Copyists wanted everywhere. Large discounts given. Copies will be sent to any one at once, post paid, on receipt of price, by the publishers.

WEST VIRGINIA—It will soon be a year since they have had a death in Morgantown. It is hard telling whether it is owing to the salubrity of the climate or the disgust of the deed.

Whooping cough is prevalent in Morgantown, as yet without serious results. The Clarksville Telegram in a lengthy article, warmly advocates the election of Gen. T. M. Harris as United States Senator, to succeed Mr. Van Winkle.

Miss B. Harter, of Monongalia county, writes us that she shared his Vermont Buck purchased at the Carmichael Fair last fall, and the fleece weighed twenty pounds heavy weight. This is about, by one-half pound, of anything in this "diggings."

Peter J. Weaver killed a rattlesnake, on Monday last, upon the farm of Mr. J. H. Hoffman, near Morgantown, that measured four and a half feet in length, and was supplied with seventeen rattles.

Governor Borman of West Virginia offers one hundred dollars reward for the arrest and delivery to the authorities of Taylor county, West Virginia, of Richard Clever, for the murder of Harmon Hesser, on the 28th day of May. Clever is about five feet eight inches high, sparsely built, long chin, brown hair, whiskers and mustache—thin on his face and lighter than hair—eyes blue and sunken, complexion fair. He is supposed to be somewhere in Pennsylvania, as he has friends and relatives in this State.

WASHINGTON CORRESPONDENT—Hon. Geo. V. Lawrence has announced himself as a candidate for Congressional honors. The Reporter thinks "Mr. Lawrence will receive the hearty support of this county for the nomination." But that won't elect Mr. Lawrence in the District.

The Democracy were told the following tidbits in the field: Congress, Cal. Wm. Hopkins; Assembly, R. M. Kinley; West Virginia, and Alfred Croigh of Washington; District Attorney, Iustus Bentley of Monongahela City; Commissioner, James Kerr, of Carroll Auditor, A. E. Walker, Cross Creek; Director of the Poor, J. M. Day of Morris.

The editor of the Monongahela Republican Mr. C. H. Hazard, recently expressed himself very much disgusted at the course of seven Senators on impeachment, alleging that the people were outraged and betrayed by their action. For this he was removed from the position of Postmaster of Monongahela City, a place he has long and satisfactorily filled. Of course he is honored for ascending place for principle.

Copperheads are preparing to desecrate the memory of the coming anniversary of the Fourth by holding a picnic in a grove near Washington.

"They made her grave too cold and damp For a soul so honest and true." If they had been wise, the dire necessity of opening the grave for one so lovely might have been averted. Plantation Bitters if timely used, are sure to rescue the young and lovely, the middle-aged, and the ailing, from confirmed sickness.

Almost all diseases have their beginning in some slight difficulty of the Stomach, which would eventually in Dyspepsia, Headache, Liver Complaints, Night Sweats, Consumption, Lead. Plantation Bitters will prevent these preliminary symptoms, and keep the blood pure and the health good.

While they invigorate the system they enliven the mind.

MAGNOLIA WATER—A delightful toilet article—superior to Cologne and all halt the price.

JEAN O'BRIEN—A new and complete stock of Boots and Shoes, at M. C. & H. Bell's cheap store, Sayre's corner, Waynesburg. Among their stock will be found all the Spring Styles, direct from the manufacturers, selected by M. C. Bell expressly for this market.

ESSENTIAL FRAGRANCE BOTTLES in invisible cloth the moment that a bottle of Plaiou's "Flor de Mayo," the new perfume for the handkerchief, is opened; one single drop scents a handkerchief. \$1.11 by all druggists.

THE STATE NORMAL SCHOOL, at Edinboro, is the best place for the young people of Western Pennsylvania to obtain an education. Its advantages are surpassed by no similar institution known to us.

HAPPY—The children are happy in anticipation of the vacation and enjoy a holiday on the Fourth. Young and old are in glee over Gulber's magnificent stock of Dry Goods.

FOR THE SUMMER SEASON—Gulber has fifteen hundred hats for ladies and gents, all of the latest styles. His straw goods cannot be surpassed.

HOPE—There was a falling off in the demand, with a corresponding decline in prices. Buyers took hold very sparingly. The heavy shipments East have glutted and depressed the market, although the prices of good smooth goods suitable for shipment held their own exceedingly well.

NEW YORK DRY GOODS MARKET. New York, June 23.—Trade more active and the market decidedly firmer for all fine brown and bleached muslins. Certain styles of heavy brown sheetings are also firmer. Stark & Co. instance, which sold as low as 14 1/2c by the package, are now firm at 16c. These goods must advance. All light styles of prints are being closed out low, but dark colors are held firmly at 15 1/2c.

WOOL. Holders of the finer old clip Wools are ready to sell in anticipation of the nearly appearance of the new, and this feeling has made prices easy and led to some transactions; but the market for Fleeces, generally, is quiet. Some small lots of new clip have already come in, but it is alleged that the wheat market will be later than usual, having been affected, like everything else, by a lingering winter.

PITTSBURGH MARKETS. SATURDAY, June 23, 1898. During the past week there has been a general decline. As to commercial values there have been no very radical changes during the week. This depression is mainly due to the restriction of money and the consequent crop prospects, which latter give promise of a decline in the price of food. Breakfasts have been very heavy, and the tendency of prices is unmistakably for a lower range at no distant day. Speculation may keep up prices for a few weeks but should the crops mature well flour will be lower than it has been for several years. For provisions there is a moderate inquiry.

We quote as follows, which are the wholesale prices: GRAIN AND FLOUR. Wheat, Penna., and Ohio, Winter Red \$2 29 1/2, Spring Red 2 30 1/2, White 2 31 1/2, Corn 10 1/2, Rye 10, Oats 8, Barley 8, Potatoes 10, Beans 10, Peas 10, Lentils 10, Chickens 10, Turkeys 10, Hens 10, Ducks 10, Geese 10, Swine 10, Cattle 10, Horses 10, Sheep 10, Pigs 10, Rabbits 10, Squirrels 10, Birds 10, Fish 10, Game 10, Furs 10, Skins 10, Bones 10, Horns 10, Hooves 10, Tails 10, Ears 10, Claws 10, Nails 10, Teeth 10, Hair 10, Feathers 10, Scales 10.
